

## The TEGO Brand of Evonik, Sí, Se Habla Español

April 29, 2014

For more than a quarter century, the TEGO brand of Evonik Industries has provided coating and printing ink manufacturers with solutions to their toughest formulation dilemmas. As of April 1, 2014, our tradition of innovation, a pillar of the group's success, takes yet another stride away from the competition by offering our web services in the Spanish language.

From the tego.us homepage, Spanish speaking customers can now view our broad product portfolio, TEGO's product selection tool, and detailed descriptions of who we are and what we do in their native tongue. This development was spurred on by the consistent growth of Mexico's coating industry coupled with the ever-increasing prevalence of the Spanish speaking population in the US.

If you have questions regarding the Spanish version of tego.us or any of our other products or services, please visit our homepage (in English or Spanish) or email us at [asktego@evonik.com](mailto:asktego@evonik.com).
